Art Unit: 2613

Allowable Subject Matter

1. After a further search and a thorough examination of the present application and in light of the Applicant's arguments and in light of the prior art made of record, claims 1-

22 are found to be in condition for allowance.

Reasons for Allowance

2. The following is an Examiner's statement of reasons for the indication of

allowable subject matter:

The claims are allowable over the prior art of record since the cited reference taken

individually or in combination fails to particularly disclose a method for streaming

scalable video including base layer frames and enhancement layer frames comprising

the steps of selecting a number of enhancement layer frames to distribute the loss of

bandwidth over; reducing a size of the selected number of enhancement layer frames to

accommodate the loss of bandwidth; transmitting at least a portion of at least one of the

enhancement layer frames for the given time interval, the at least one transmitted

enhancement layer frame having been reduced in size.

It is noted that the closest prior art of record (Li US Patent no. 6275531) teaches a

similar method for streaming scalable video, however, Li fails to teach or suggest

"selecting a number of enhancement layer frames to distribute the loss of

bandwidth over; reducing a size of the selected number of enhancement layer frames to accommodate the loss of bandwidth; transmitting at least a portion of at least one of the enhancement layer frames for the given time interval, the at least one transmitted enhancement layer frame having been reduced in size" as claimed limitations as specified above.

Conclusion

3. Any comments considered necessary by applicant must be submitted no later than the payment of issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submission should be clearly labeled "Comments on Statement of Reasons for Allowance".

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gims S Philippe whose telephone number is (703) 305-1107. The examiner can normally be reached on M-F (9:30-7:00) Second Monday Off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Chris S Kelley can be reached on (703) 305-4780. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
